

# RADIO TELEMETRY SYSTEM

01

Why do scientist use radio telemetry in wildlife research?

02

Name the three components of the radio telemetry system

03

How we can protect natural habitat?

Name:

Date:

Class:

# **DRAW A PICTURE OF YOU AS A SCIENTIST TRACKING THE LOCATION OF A PANGOLIN USING A TELEMETRY RADIO SYSTEM IN THE FOREST.**

## **Ideas:**

- The pangolin could be hiding inside a tree trunk.
- Make sure you have the three devices.
- Show that the transmitter is making beeping sounds.
